[York University ID Card / YU-Card](#)

York has an official photo ID card. It serves as your student ID, library card, copy card, and it can hold an amount of money for spending at food vendors on campus, and other services. It is advisable to obtain this card as soon as possible, in order to avoid the long line-ups which will ensue in late August/early September. Follow [these detailed instructions](#) for getting your picture taken and picking up your new card.

Please note, if you were an undergraduate student at York who had a YU card, you will need to be assigned a new one indicating your status as a graduate student.

Any scholarships you receive which pay your tuition will also be deposited here.

Your personal bank account is where any salary generated at York (TA/GA/RA) will be deposited.
